

Designer, Frontend Developer & Mentor

I design and code beautifully simple things, and I love what I do.

Hi, I'm Matt. Nice to meet you.

Since beginning my journey as a freelance designer 12 years ago, I've done remote work for agencies, consulted for startups, and collaborated with talented people to create digital products for both business and consumer use. I'm quietly confident, naturally curious, and perpetually working on improving my chops.

Designer

I value simple content structure, clean design patterns, and thoughtful interactions.

Things I enjoy designing:

Frontend Developer

I like to code things from scratch, and enjoy bringing ideas to life in the browser.

Languages I speak:

Mentor

I genuinely care about people, and enjoy helping them work on their craft.

Experiences I draw from:

UX, UI, Web, Apps, Logos

HTML, Pug, Slim, CSS, Sass, Git

UX/UI, Product design,
Freelancing**Design Tools:**

Affinity Designer

Figma

Pen & Paper

Sketch

Dev Tools:

Astro JS

Bitbucket

Bootstrap

Bulma

Codekit

Github

Netlify

Tailwind CSS

VS Code

Mentor Stats:

9+ years experience

30+ short courses

65+ bootcamps

250+ students

2,500+ mentor sessions

60+ group critiques

18,000+ bits of feedback

My Recent Work

Here are a few past design projects I've worked on. Want to see more? [Email me.](#)

I'm proud to have collaborated with some
awesome companies:

My Startup Projects

I'm a bit of a digital product junky. Over the years I've used hundreds of web and mobile apps in different industries and verticals. Eventually, I decided that it would be a fun challenge to design and build my own.

Affordable, human-crafted logos for startups and indie projects.

bootstraplogos.com

Community platform for miniature painters to learn, connect, and showcase work.

thebaselair.com

AI-driven changelog that turns git commits into release notes, instantly.

automalog.com

Short, focused design and growth collabs for startup tech founders.

 on hold

Simple feedback and engagement tools that help teams ship winning products.

 on hold

Next level plug and play chassis systems for custom DIY lightsaber builds.

 on hold

A powerful, easy-to-configure form backend for designers and developers.

 exited in 2024

A space and member management solution for coworking communities.

 acquired in 2017

A collaborative tool for creating simple, effective user personas.

 acquired in 2016

Interested in collaborating with me?

I'm always open to discussing product design work or partnership opportunities.

Testimonials

People I've worked with have said some nice things...

“Matt was a real pleasure to work with and we look forward to working with him again. He’s definitely the kind of designer you can trust with a project from start to finish.”
